Dear Visitor!

The long-established Visegrad Group is an important pillar of the Central European cooperation, and its civil dimension is of particular importance. Close social ties and regional cohesion are symbolised by the V4 Cycling Race 2024, which will be organised for the eleventh time with the support of the International Visegrad Fund.

Each year, the event offers an opportunity to strengthen cohesion between the Visegrad countries and their citizens, to learn about the cultural heritage and sights of the V4 countries, and to promote healthy lifestyle and competitive sport. In the year of the Olympic Games, it is particularly important that our athletes can compete in prestigious international races.

The Hungarian stage of the cycling race, which is the traditional opening of the V4 Presidency year, will start in Budapest and finish in Pannonhalma, a town that has played an invaluable role in the history of Hungarian Christianity for more than a thousand years. It is a great pleasure for us to have this opportunity to showcase Hungary's cultural and natural treasures to the role model athletes and guests visiting us for the event.

I wish all participants a successful competition and participation!

Ladies and Gentlemen, dear cyclists,

I deeply appreciate to take over the patronage of the flagship sports event the Visegrad 4 Bicycle Race Grand Prix Slovakia this year.

The Slovak edition will once again take place in Nová Baňa, in the unique region surrounded by a ring of volcanic mountains that will test the qualities of cycling teams on challenging routes. Spectators, as well as the cyclists themselves, will also be able to enjoy unforgettable panoramic views of our beautiful landscape.

In recent years, more and more people have taken up cycling, new cycle paths are being added, and I am glad to see that this has been accompanied by an interest in exploring not only the beauties of Slovakia, but also the beauties of our neighbours within the Visegrad Four countries. Like our V4 grouping, these races aim to bring together Slovaks, Czechs, Hungarians and Poles and to mutually support the common values we share. This year the V4 celebrated its 33rd anniversary and it clearly shows that our nations are close to each other. In the spirit of Slovak-Czech-Hungarian-Polish partnership, I therefore fully support the exceptional Visegrad 4 Bicycle Race.

Allow me to thank the International Visegrad Fund and the organisers of the race that work diligently behind the scenes with so much concern and attention to detail.

I would like to wish the competitors of the Slovak edition as well as of the other stages every success and a lot of conquered sports challenges. I hope that together they will enjoy the natural and cultural richness of our countries and make new friendships that will help to bring our nations closer together within the Visegrad Four.

I wish everyone a great cycling experience and a safe journey.

Visegrad
Bicycle Race

Ladies and Gentlemen,
Dear Racers,

Eleven years ago, the Polish Presidency of the Visegrad Group launched the Visegrad 4 Bicycle Race. Little did we know that an amateur race would develop into what it is today – Central Europe's flagship sports event.

I am happy to see that this initiative, in which I was personally involved at the time, now attracts professional racing teams from our four cycling federations. By promoting fair play and friendly sports rivalry, the race helps unite the people of our region. Good sportsmanship also fosters the values of integrity, which is important not only in sports, but also in everyday life.

I encourage you to cheer on the riders and enjoy the atmosphere of the race and attractions around it. I hope that this cycling competition will inspire you to get to know the Visegrad Group better. Since this is Grand Prix Poland, I also invite you all to enjoy the charms that my country has to offer.

On July 1, Poland will once again assume the Presidency of the Visegrad Group. Promoting cycling as a means of environmentally friendly, community-accessible and healthy lifestyle is dear to our agenda. We encourage our Visegrad partners to expand the cycling infrastructure and ensure safety for both cyclists and pedestrians.

I appreciate the hard work that the organizers have put into making this event happen. My special thanks also goes to the International Visegrad Fund for its valuable support.

I wish all the athletes successful performances, and their coaches, family members and all spectators – an exciting experience.

Radosław Sikorski

*Minister of Foreign Affairs
of the Republic of Poland*

BUDAPEST
→ PANNONHALMA

6th July 2024

BUDAPEST→

Budapest, the capital of Hungary, is the largest and most exciting metropolis in Central-Eastern Europe. It receives more than four million visitors a year and is one of the ten most popular destinations on the continent.

Budapest is most famous for its unmatched world heritage panorama, however the Hungarian capital has also been referred to as a city of surprises in the last couple of years. The reason – apart from its historical building and natural heritage – being that Budapest offers exciting, wide-ranging cultural, arts, historical and scientific programs

for its guests throughout the whole year. Cultural programs from traditional theatrical plays, classical concerts, operas to the most modern music events, performances offer amusement to every age and interest. The open-air concerts, multi-cultural and gastronomic festivals make the city's life more vivid. Amongst the capital's most popular attractions are undoubtedly its thermal baths, now renowned throughout the world. Unmatched even on a world scale, Budapest can proudly proclaim itself as capital of healing and thermal waters. **The City of Budapest awaits you with its thousand wonders!**

PANNONHALMA

Pannonhalma is such a lively small town, where the manifold historic, cultural and natural values form an excellent combination. The developments of the past few years on the field of tourism verify that there are many values and tourist attractions in this place, which were forgotten as the time went by, but now after their renewal they can provide several experience for the local residents and the visitors.

Besides the Benedictine Abbey several special sights are waiting for the visitors, such as - Hefterglass gallery, statue park, several monuments, sites and shrine, abbey farm, granary, synagogue, belvedere.

The town gives home to some of the representatives of different artistic branches – such as actors, potters, painters, glass work artists. The hills around Pannonhalma with their magnificent oak wood provide memorable experience for tourists who are in favor of cycle tours or hiking.

The main square of the town, which was inaugurated in the autumn of 2013, the restaurants, the cafes, the wine cellars, the pensions, the guest houses, the camp site, the seasonal

festivals and programs all encourage the visitors to stay for a longer period.

A WORLD HERITAGE SITE

The Archabbey of Pannonhalma was founded by Géza of Hungary on the Sacred Hill of Pannónia (Mons Sacer Pannoniae) in 996 and in 1002, his son, Saint Stephen king strengthened the rights and privileges of the Archabbey to become the witness of Hungarian and European culture and the stand of Christianity, humanity and service.

Its thousand-year-old architectural, cultural and social heritage can still teach, command honor and amaze, while its gates are more wide-flug than ever to share the most of its values with the visitors. Pannonhalma means a time travel for most of its visitors, a place which stands the test of time, however the Archabbey, which was recorded as a world heritage site in December 1996, bears witness of novelty, openness and susceptibility.

The buildings of the monastery present the messages of different eras; however their unity defines a united diversity. The artefacts and the cultural heritage are enriched by special a beauty as a still active community of monks utilize the building according to its original purposes.

ROADBOOK

Nová Baňa is one of the former free royal and mining towns. Town lies in the basin between the Pohronský Inovec and Štiavnické mountains, which are separated apart by the Hron river. The uniqueness of the hills surroundings of Nová Baňa is terrain diversity. A quiet and peaceful town, its sights, the beauty of the surrounding nature create suitable conditions for active recreation and a visit to our city.

The historical landmark of the town is originally a Gothic, later baroque town hall building with a hall decorated with portraits of Hungarian monarchs and dignitaries. The history of Nová Baňa and its surroundings is documented by the Pohronské Museum, which is currently housed in the building.

There is also a wide range of cultural and social events organized during the year in the form of film, theatre and cultural festivals, shows of folk singing and non-professional music groups, demonstrations of folk crafts and craftsmen at the traditional fair in our town.

The local area offers many opportunities for nature admirers. National nature reserve such as Starohutský waterfall is well-known. Several other nature reserves protect rare plants, animals and geomorphological formations.

The almost 600 year old tradition of gold and silver dates back to 1337. Nová Baňa belonged to the Central Slovak free royal and mining towns. Its history gained a European dimension with the first use of steam power on the continent in 1722.

The fire atmospheric machine of the English designer Isaac Potter installed for the first time in Nová Baňa was used to pump mining groundwater.

Dear sport friends, cyclists and visitors,

also in 2024, we have the honour to welcome the Visegrad 4 Bicycle Race 2023 & Respect Ladies Race Slovakia international bicycle race on July 6-7, 2024 in our town Nová Baňa. Our track, proven over previous years, will test the cycling form of individual competitors, as it offers a really hilly terrain and a number of demanding technical sections. Spectators can look forward to sporting experiences and a beautiful panorama of the surrounding nature.

During the Respect Ladies Race Slovakia, a children's bicycle race will take place in the centre of Nová Baňa. We will start the cultural summer of 2024 in our town with a musical concert by a professional reggae band after Saturday's cycle race, and I believe that this event will amuse many visitors.

We wish the cycling representatives a successful race, achieving their goals by gaining points and good positions from the cyclo-race in our region. We wish all cyclists, their teams and sports spectators a successful cycling event. At the same time, we are also looking forward to meet you during the cultural event as part of the accompanying program.

Branislav Jad'ud'
Mayor of Nová Baňa

ROADBOOK

Markéta Vaňková
Mayor of Brno

Jan Grolich
Governor of the South Moravian Region

Ladies and gentlemen,

Moravia is a promised land for cycling. From spring to autumn our roads, forest paths and bike paths are full of enthusiasts who try to grab as many kilometres as possible every afternoon or at least at the weekends. Racing cycling in all its forms is also thriving here. Brno has enriched this sport with many famous names.

It is not a surprise that it is in our region where one of the most prestigious European races Brno–Mikulov–Brno takes place and you are about to witness the fourth year of it. Every year we succeed in attracting more and more well-known names and the prestige of this event is growing. I believe that the tradition associated with this race will continue to grow and that we will meet here for many years to come.

It will be one of the highlights of the season for many racers. So I wish them to keep the strength in their legs, to be proud of their performance and to come back here again next year. And not only with the ambition to win medals, but also to see our city, taste the excellent local cuisine or get to know the culture of Brno.

Ladies and gentlemen, I wish you all a pleasant experience.

The attractive, tried-and-tested Brno–Mikulov–Brno route and 176 top competitors from throughout Europe on the starting line. I am happy to see that, one year after the last event, South Moravia is once again hosting the most important domestic one-day race, which has already won some die-hard fans among professional peloton riders. The 190-km-long hilly course, starting at the Brno Velodrome and ending with a climb up Špilberk Hill, will provide a dramatic spectacle. I trust that cycling fans will have a great day out. I would like to thank the organisers of this unique sporting event, which enhances South Moravia's reputation on the map of international cycling events every year.

BRNO→

Brno is the second largest city in the Czech republic. It is an authentic, vibrant, young and dynamic city.

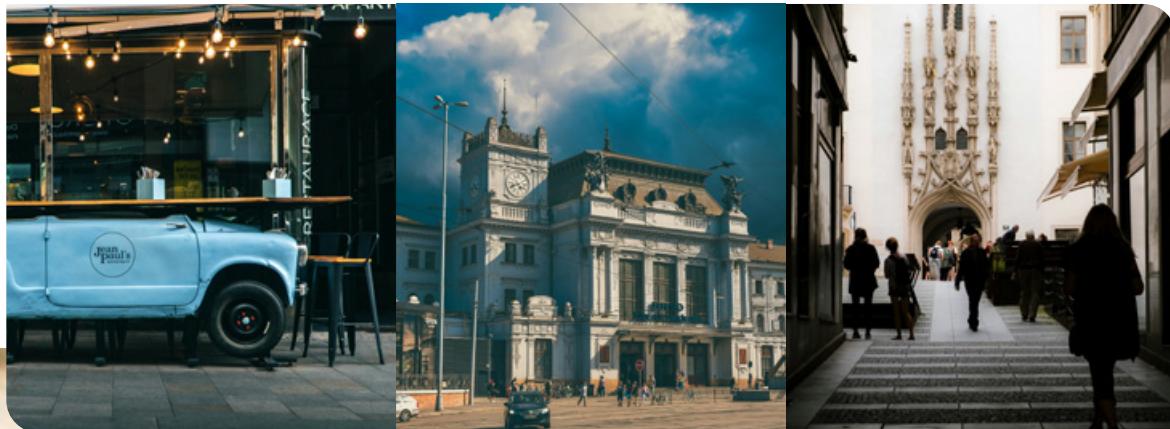

Brno boasts quite a large number of architectural landmarks and enjoys a rich cultural life. Dominating historical features of the city are the fortress of Špilberk castle and the Cathedral of Sts. Peter and Paul. The unique medieval Ossuary under the St. James is the second-largest ossuary in Europe. More than 20 festivals of culture and theatre take place in the city each year.

Brno is remarkable for its unique functionalist architecture includ-

ing an icon of functionalism - Villa Tugendhat (inscribed on the UNESCO World Heritage List).

Brno is also an important centre for team sports, there is a wide range of cycling trails, sports and fitness centres, indoor and outdoor swimming pools, multipurpose halls and playgrounds, gym halls, ice rinks and the Brno lake.

ROADBOOK

GŁOGÓW

Located on the Oder River, Głogów is over a thousand years old and is one of the oldest cities in Poland.

On the pages of history, the town is known, among others, for the „Defence of Głogów” in 1109 described in the chronicle of Gallus Anonymous and for the fact that in 1945 during the battles for „Festung Glogau” („Głogów Fortress”) it was almost completely destroyed. Today's Głogów has over 60,000 inhabitants. Its dynamic development took place with the emergence of the Polish copper industry. The post-war ruins ceased to dominate the landscape of Głogów at the end of the 1960s, giving way to housing estates for the employees of the copper works and the surrounding copper ore mines. The nearby Huta Miedzi „Głogów”, a branch of KGHM Polska Miedź S.A., is one of the largest copper smelters in Europe.

At the end of the 20th century, in the centre of Głogów, destroyed in 1945, the construction of a new „Old Town” began - a modern residential district,

where new buildings in the form of stylized tenement houses were constructed on a network of medieval streets, surround the preserved and rebuilt historical buildings. The central place of the new „Old Town” is occupied by the town hall rebuilt from the ruins with the highest town hall tower in Lower Silesia. Since 2002 it has been the seat of the municipal authorities and a symbol of changes in the city. The new „Old Town”, connecting the present of Głogów with its centuries-old history, is a unique architectural project due to its scale and has become an attraction for architects, urban planners and tourists, who are coming to Głogów in increasing numbers. It is not only a place of residence, trade and services, but also a place of integration for the inhabitants of Głogów, thanks to the artistic, social, cultural and sports events organized in its area. The biggest event in the Old Town is the „Głogów Days” (usually at the beginning of June). Apart from that, throughout the year there are numerous concerts of popular and classical music, historical reenactments, fairs, theatre performances, open-air cine-

ma screenings and running or cycling events (e.g. stage starts of the „Szlakiem Grodów Piastowskich” race).

The inhabitants of Głogów live an active life, also valuing active recreation. The best place for recreation and sport in Głogów are the grounds and sports facilities of Chrobry Głogów S.A. It is an impressive complex with a sports and entertainment hall, a stadium, training fields, tennis courts, basketball, volleyball and beach sports courts, an indoor and outdoor swimming pool with a playground for children. Chrobry Głogów S.A. also has a first-league football team, and the tradition of this club is also associated with the handball team of the Chrobry Głogów Handball Association, playing in the „Orlen Men's Superleague”. For over 20 years, the Głogów Cyclist Society „Chrobry” has been present in the sports life of our city. Currently it is a road cycling team „TC Chrobry Scott Głogów” in the U-23 category, consisting of young riders, aspiring to turn professional and competing in professional races in Poland and abroad.

Położony nad Odrą Głogów ma ponad tysiąc lat i jest jednym z najstarszych miast w Polsce.

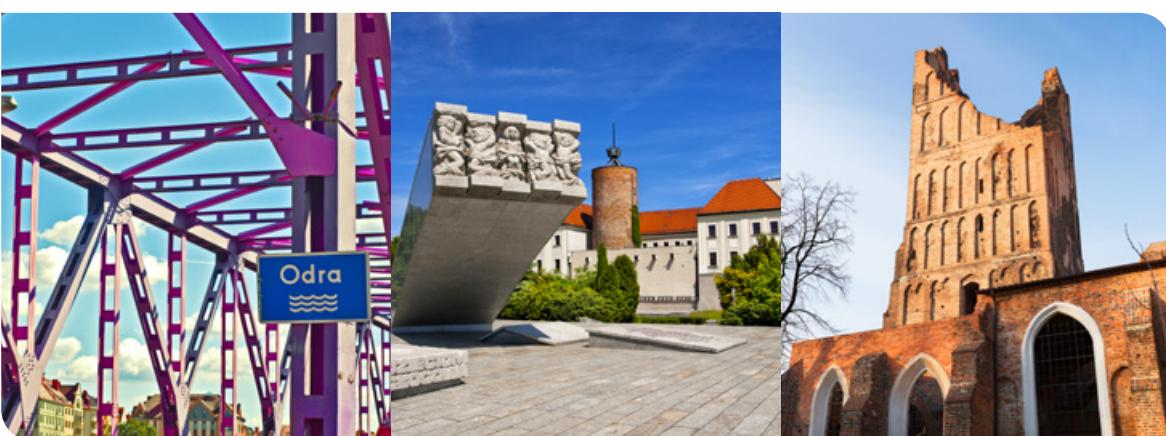

Na kartach historii miasto znane jest między innymi z opisanej w kronice Galla Anonima „Obrony Głogowa” w 1109r. oraz z tego, że w 1945r podczas walk o „Festung Glogau” („Twierdę Głogów”) zostało niemal całkowicie zniszczone. Dzisiejszy Głogów liczy ponad 60 tysięcy mieszkańców. Jego dynamiczny rozwój nastąpił wraz z powstawaniem polskiego przemysłu miedziowego. Powojenne ruiny przestały dominować w krajobrazie Głogowa pod koniec lat 60-tych XX w., ustępując miejsca osiedlom mieszkaniowym dla pracowników huty i okolicznych kopalń rudy miedzi. Pobliska Huta Miedzi „Głogów”, oddział KGHM Polska Miedź S.A., to jedna z największych hut miedzi w Europie.

Pod koniec XXw. na obszarze zniszczonego w 1945r. śródmieścia Głogowa ruszyła budowa nowego „Starego Miasta” - nowoczesnej dzielnicy mieszkaniowej, gdzie współczesna zabudowa w postaci

stylizowanych kamienic, osadzonych w sieci średniowiecznych ulic, otacza zachowane i odbudowane obiekty historyczne. Centralne miejsce nowego „Starego Miasta” zajmuje odbudowany z ruin ratusz z najwyższą wieżą ratuszową na Dolnym Śląsku. Od 2002r. jest on ponownie siedzibą władz miejskich i symbolem przemian w mieście. Nowe „Stare Miasto”, łączące teraźniejszość Głogowa z jego wielowiekową historią, jest ze względu na swą skalę unikalnym zamierzeniem architektonicznym i stało się atrakcją dla architektów, urbanistów oraz turystów, coraz liczniej przybywających do Głogowa. To nie tylko miejsce zamieszkania, handlu i usług, ale też miejsce integracji głogowian, dzięki organizowanym na jego obszarze wydarzeniom artystycznym, społecznym, kulturalnym i sportowym. Największą imprezą na Starym Mieście są „Dni Głogowa” (zwyczajowo początek czerwca). Poza nią przez cały rok odbywają się tu liczne koncerty muzyki popularnej i klasycznej, rekonstrukcje historyczne, jarmarki, spektakle teatralne, projekcje kinowe „pod chmurką”, imprezy biegowe, czy kolarskie (m.in. etapowe

starty wyścigu „Szlakiem Grodów Piastowskich”).

Głogowianie żyją aktywnie, ceniąc sobie także aktywny wypoczynek. Najlepszym miejscem do rekreacji i sportu w Głogowie są tereny i obiekty sportowe spółki Chrobry Głogów S.A. To imponujący kompleks z halą widowiskowo-sportową, stadionem, boiskami treningowymi, kortami tenisowymi, boiskami do koszykówki, siatkówki i sportów plażowych, basenem krytym i otwartym wraz placem zabaw dla dzieci. Chrobry Głogów S.A. prowadzi również pierwszoligową drużynę piłki nożnej, a z tradycją tego klubu związana jest też drużyna piłki ręcznej ze Stowarzyszenia Piłki Ręcznej Chrobry Głogów, grającej w „Orlen Superlidze Mężczyzn”. W sportowym życiu naszego miasta od ponad 20 lat obecne jest Głogowskie Towarzystwo Cyklistów „Chrobry”. Obecnie to szosowa drużyna kolarska „TC Chrobry Scott Głogów” w kategorii U-23, składająca się z młodych zawodników, aspirujących do zawodostwa, rywalizujących w profesjonalnych wyścigach w kraju i za granicą.

POLAND ↑

Nestled in the northern part of Lower Silesia, the Grębocice Commune is one of the most dynamically developing municipalities in Poland. Located within the Legnica-Głogów subregion, characterized by a high level of economic development, the commune places a strong emphasis on investments that enhance the quality of life for its local residents. Healthcare, social care, education, culture, and sports are all at a very high standard here.

The commune also boasts an excellent network of roads, distinguishing it from other local governments. Road investment development goes hand in hand with the commune's overall growth. It's no wonder that many cyclists choose to train their skills within its borders.

There's a good reason why Grębocice Commune is called the cycling capital of the Copper Basin. For over a decade, the commune's efforts and initiatives have made cycling and running a tradition and one of its defining brands, setting it apart for its sporting activities. Thanks to investments in sports and recreation infrastructure, residents have constant and free access to active sports and recreation. Cycling and cycling are areas where

the Grębocice Commune spares no expense, recognizing their multifaceted benefits. These include the benefits and satisfaction they bring not only to young people but to everyone, regardless of age or gender.

In cooperation with the Głogów Forest District, the commune has created a year-round Bike Park trail in the village of Obiszów, which is used by runners, MTB enthusiasts, and Nordic walking fans from the entire region and Poland. Speaking of Obiszów, it's worth mentioning that for over a decade this village has been recognized as the region's sporting gem, where amidst nature, among forests, on a vast clearing, you can spend time actively. A playground, Pump Truck, cycling paths, single track, zip line, obstacle course - all this is available for free. On the Obiszów clearing, there is also a beautiful corner with the Botanical Horoscope, a medieval castle, a trail describing the past, and a viewing terrace offering a panorama of the commune.

Promoting cycling, the commune encourages recreational and tourist trips around the area. Cycling enthusiasts can choose from marked trails that run through the most interesting landscape corners of the Dalkowice Hills and the Głogów Pradolina. They also do not bypass monuments and natural attractions. You can choose a thematic

cycling trip along the Trail of Historic Churches in the Grębocice Commune. It will allow you to discover and admire the beauty of old architecture and sacral art. Among the most beautiful, most recognizable, distinguished by its rank and picturesque location is the Sanctuary of Our Lady of the Dawn of Hope in Grodowiec.

We encourage you to visit the Grębocice Commune.

Gmina Grębocice położona jest w północnej części Dolnego Śląska w powiecie polkowickim i jest jedną z najprężniej rozwijających się gmin w Polsce. Znajduje się w subregionie le-gnicko - głogowskim, charakteryzującym się wysokim poziomem rozwoju gospo-darczego. Priorytetem dla władz samorządowych są inwestycje służące podnoszeniu standardów życia społeczności lokalnej. Opieka zdrowotna, so-cjalna, szkolnictwo, kultura i sport są w gminie na bardzo wysokim poziomie.

Gmina pochwalić może się również doskonałą siecią dróg, która wyróżnia ją na tle innych samorządów. Rozwój inwestycji drogowych idzie w parze z rozwojem gminy. Dlatego nie ma się co dziwić, że wielu kolarzy trenuje swoje umiejętności właśnie na terenie tej gminy.

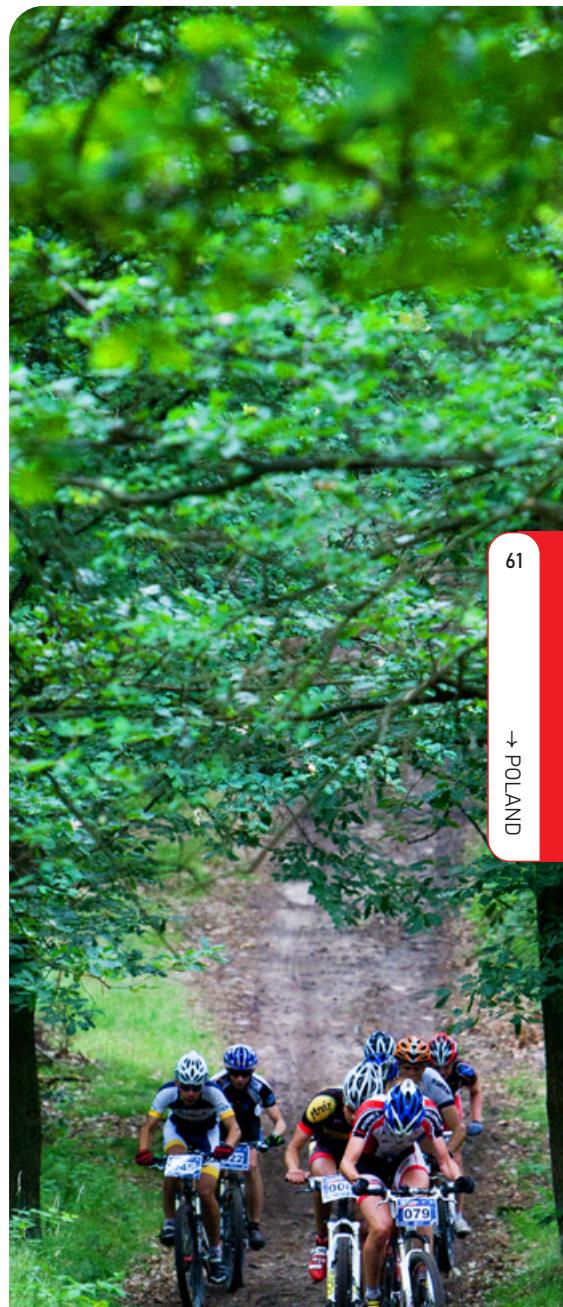

Nie bez powodu Gmina Grębocice nazywana jest kolarską stolicą Za-głębia Miedziowego.

Podejmowane od kilkunastu lat starania i działania sprawiły, że sport rowerowy i bieganie stają się tradycją i jedną z marek Gminy Grębocice, która wyróżnia się aktywnością sportową. Dzięki inwestycjom w infrastrukturę sportowo-rekreacyjną mieszkańców mają stały i bezpłatny dostęp do uprawiania czynnego sportu i rekreacji. Kolarstwo i rekreacja rowerowa są dziedziną, na której w Gminie Grębocice nie szczędzi się energii, a władze dostrzegają jej wszechstronne walory. Zwłaszcza korzyści i satysfak-

cję, jaką przynosi nie tylko młodzieży, ale wszystkim nie zależnie od wieku i płci. Wspólnie z Nadleśnictwem Głogów gmina stworzyła całoroczną trasę Bike Park w miejscowości Obiszów, z której korzystają biegacze, miłośnicy kolarstwa MTB oraz fani nordic walking z całego regionu, a także Polki.

Mówiąc o Obiszowie, warto wspomnieć, że od kilkunastu lat ta miejscowości uznawana jest za sportową perłę regionu, gdzie na łonie natury, wśród lasów, na ogromnej polanie, można spędzić miło czas w aktywny sposób. Plac zabaw, Pump Truck, ścieżki rowerowe, single track, tyrolka, tor przeskód, to wszystko jest dyspozycji i to za darmo. Na obiszowskiej polanie znajduje się także przepiękny zakątek z Horoskopem Botanicznym, średnio-wieczny gród, szlak opisujący dawne dzieje oraz taras widokowy, z którego rozpościera się panorama gminy. Promując kolarstwo gmina zachęca do rekreacyjnych i turystycznych wędrówek po okolicach. Amatorzy wypraw rowerowych mają do wyboru oznakowane trasy, przemierzające najciekawsze krajobrazowo zakątki Wzgórza Dalkowskich i Pradoliny Głogowskiej. Nie omijają one też zabytków i osobliwości przyrody. Możemy wybrać rowerową wycieczkę tematyczną Szlakiem zabytkowych kościołów w gminie Grębocice. Pozwoli nam ona odkryć i podziwiać piękno dawnej architektury i sztuki sakralnej. Wśród najpiękniejszych, najbardziej rozpoznawalnych wyróżniającym się rangą i malowniczością położenia jest Sanktuarium Matki

Bożej Jutrzenki Nadziei w Grodowcu. Zachęcamy zatem do odwiedzenia Gminy Grębocice.

JERZMANOWA

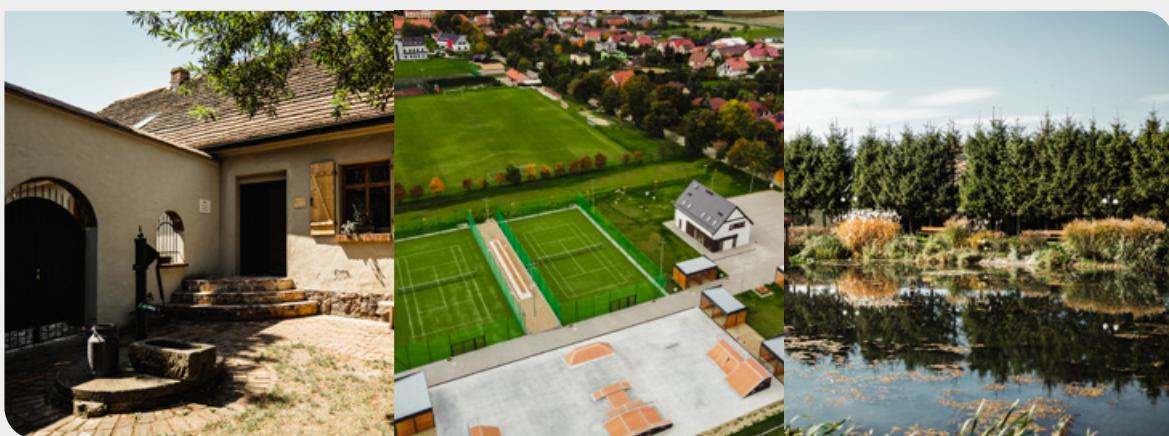

The Jerzmanowa commune is located in the northern part of the Lower Silesian Voivodeship, in the Głogów powiat, between Głogów and Polkowice. It covers an area of 63.44 km². It consists of 13 towns (Bądzów, Gaiki, Jaczów, Jerzmanowa, Kurowice, Kurów Mały, Łagoszów Mały, Maniów, Modła, Potoczek, Smardzów, Zofiówka and Golowice).

The Jerzmanowa commune is the beauty of nature and monuments woven into the present. This area is a scenic pearl of the industrialized copper region. It owes its diversity and picturesqueness to the Dalkowskie Hills, the Lubin Upland and the Szprotawska Plain. Post-glacial remains that give character to the terrain have created various forms here: from a range of hills and undulating hills to flat plains and valleys.

The Jerzmanowa commune is the warmest area in Lower Silesia, characterized by the longest vegetation period and high average annual temperature. Tourists will be surprised by the attractiveness of the area and the variety of ways to spend time. In addition to monuments, the Jerzmanowa commune offers natural and landscape attractions. Anglers will find places to pursue their hobby in commercial and municipal ponds, rich in various species of fish. Mushroom pickers are invited by the forests surrounding the villages of Gaiki, Kurów Mały and Golowice. Lovers of monuments will be enchanted by the architecturally unique palace in Bądzów, serving dishes from its own products in its restaurant, the penitential chapel in Smardzów or the Gothic church in Jaczów with a beautiful rectory and the granary of St. Hildegard. And in Jerzmanowa, among others a palace and park complex, which includes a

beautiful, well-kept park, ponds, and the „Stodoła Kultury” with a bowling alley created from an old barn and a cowshed. At the end of the historic Linden Avenue there is an observation deck from which you can admire the Odra Pradolina and the panorama of neighboring towns, as well as the monument „To the People of the Earth” by Zbigniew Frączkowski.

The favorable location of Kurów Mały and its landscape and natural values make it a great place for active recreation and Sunday walks. In the forest complex surrounding the town you can find peace and quiet as well as stunning valleys and gorges. Just like in Golowice and Gaiki, which are rich in forest areas. Zofiówka, Potoczek, Maniów, Łagoszów Mały and Modła are also worth visiting.

Gmina Jerzmanowa leży w północnej części województwa dolnośląskiego, w powiecie głogowskim, między Głogowem a Polkowicami. Obejmuje powierzchnię 63,44 km². W jej skład wchodzi 13 miejscowości (Bądzów, Gaiki, Jaczów, Jerzmanowa, Kurowice, Kurów Mały, Łagoszów Mały, Maniów, Modła, Potoczek, Smardzów, Zofiówka oraz Golowice). Gmina Jerzmanowa to piękno natury oraz zabytków wplecionych w teraźniejszość. Obszar ten stanowi perłę krajobrazową uprzemysłowionego regionu miedziowego. Swoją różnorodność i malowniczość zawdzięcza Wzgórzom Dalkowskim, Wysoczyźnie Lubińskiej i Równinie Szprotawskiej. Pozostałości polodowcowe nadające charakter rzeźbie terenu utworzyły tu różnorodne formy: od pasma wzgórz i pofałdowanych pagórków do płaskich równin i dolin.

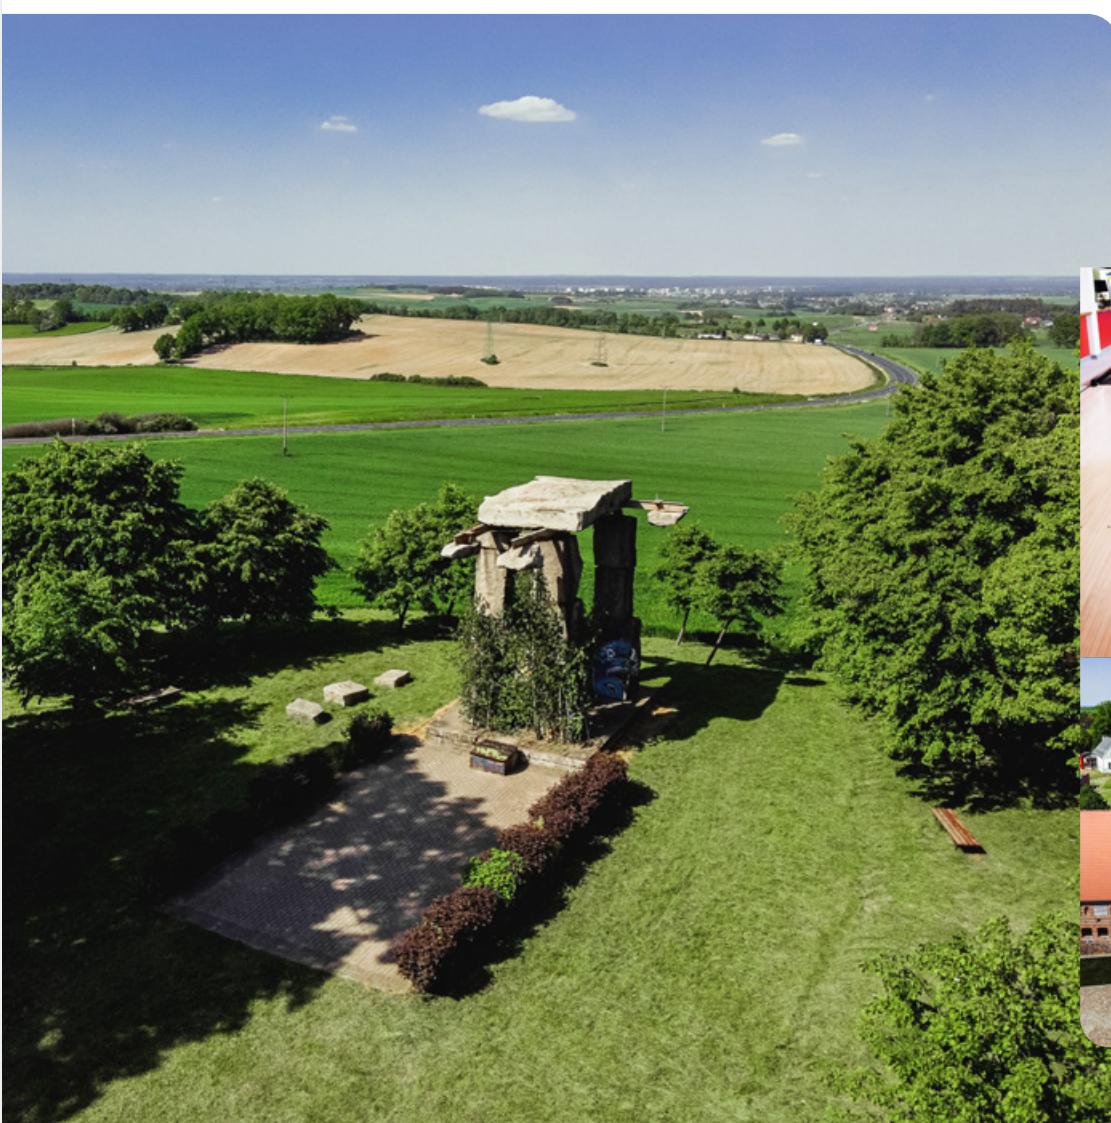

Gmina Jerzmanowa to najcieplejszy obszar na Dolnym Śląsku, charakteryzujący się najdłuższym okresem wegetacji i wysoką średnioroczną temperaturą. Turystów zaskoczy atrakcyjność terenu i różnorodność form spędzania czasu. Oprócz zabytków, Gmina Jerzmanowa oferuje ciekawostki przyrodnicze i krajobrazowe. Wędkarze znajdą miejsca do realizacji swojego hobby w komercyjnych i gminnych stawach, obfitujących w różne gatunki ryb. Grzybiarzy zapraszają lasy otaczające wieś Gaiki, Kurów Mały i Golowice. Miłośników zabytków urzeka niebanalny architektonicznie pałac w Bądzowie, serwujący w swojej restauracji dania z własnych wyrobów, pokutna kapliczka w Smardzowie czy gotycki kościół w Jaczowie z przepiękną plebanią i spichlerzem św. Hildy-gardy. A w Jerzmanowej m.in. zespół pałacowo-parkowy, w skład którego wchodzi piękny, zadbane park, stawy, a także „Stodoła Kultury” z kręgielnią

powstałe ze starej stodoły i obory. Na końcu zabytkowej Alei Lipowej znajduje się taras widokowy, z którego można podziwiać Pradolinę Odry oraz panoramę sąsiednich miejscowości, a także znajdujący się tam pomnik „Ludziom Ziemi” autorstwa Zbigniewa Frąckowskiego.

Korzystne położenie Kurowa Małego oraz walory krajobrazowo-przyrodnicze sprawiają, że jest to wspaniała miejscowości do aktywnego wypoczynku i niedzielnych spacerów. W kompleksie leśnym otaczającym miejscowości można odnaleźć ciszę i spokój oraz zachwycające doliny i wąwozy. Podobnie jak w obfitujących w tereny leśne Golowicach czy Gaikach. Warte odwiedzenia są także Zofiówka, Potoczek, Maniów, Łagoszów Mały czy Modła.

LADA). The anti-doping local will be situated in the Urząd Gminy Grebocice.

11. Official ceremony

In accordance with art. 1.2.112 of the UCI rules, the following riders must attend the official awards ceremony:

- the first 3 competitors in the open classification
- the first 3 players in the U23 classification
- overall winner of four V4 2024 races

The above mentioned riders must present themselves at the podium for the official awards ceremony within 15 minutes after crossing the finish line.

12. Penalties

The UCI penalty rules will only apply.

13. Detailed organizational issues

The Organizational Committee has appointed personnel who are qualified and responsible for the organization of the race in question (Race Direction). They will take all measures necessary to assure the regularity and security of the race and of all participants.

The race will be conducted under sporting supervision executed by the Commissaires' Panel, leaded by the President of the Commissaires' Panel, appointed by the UCI.

All persons playing different roles within the race such as: members of the organizational staff, members of the Commissaires Panel as well as guests and volunteers, are considered to be officials during the period of the race.

The Organizer will provide a medical service including the Race doctor and two, fully equipped medical teams in ambulances. 2 neutral technical vehicles will also be available to service the riders during the race. Any equipment or tools taken from the neutral service vehicles must be returned or refunded shortly after the finish of the race.

The Organizer will also provide a "broom wagon" to take on board the abandoned athletes or withdrawn by Commissaires (for example due to excessive time deficit). All drivers of vehicles in the race convoy must be licence holders and comply with the UCI regulations. All official vehicles in the race convoy will be marked with sponsor signs provided by the Organizer.

The race will be held in conditions of limited traffic. This means that the traffic will be withheld for the period of the passage of the leading group and the peloton with convoy. Traffic will be reopened after the technical cars' passage. Dropped riders, who find themselves in regular traffic, must follow the Polish Highway Code.

All in the race convoy must follow the instructions of the Police or the race officials, and especially athletes should

ride so as to allow the marshals to overtake from the left hand side.

14. Teams & equipments

Riders must wear rigid safety headgear (as per article 1.3.031 of the UCI regulations) at all times when racing.

15. Miscellaneous

The Race Organization and Panel of Commissaires reserve the right to change these Race Regulations should exceptional circumstances arise, and as they may decide. Any changes to this will be announced in a Bulletin and during team managers' meeting. All persons taking part in the race, either as a competitor or service member or any other person, shall confirm their knowledge and shall observe them.
